Pizza Party Reward!

With Friday, June 3rd being the last day to sign-out library books, students are asked to have all their books returned by Friday, June 10th, and the very first class to return all of their library books will be rewarded with a pizza party in the library! Any help that parents can provide in getting books found & returned by Summer vacation will be greatly appreciated!

5th Graders Spread Diversity Awareness!

Following a similar project completed during the Winter by Ms. Shelp's 5th grade library class, this Spring Mrs. Goss' 5th grade library class rehearsed and read to each Valleyview classroom the diversity-themed book "A Family is a Family is a Family" as part of a 2nd distribution of diversity-themed books to classroom libraries, thanks to a generous donation by the Valleyview PTO. The 5th graders did a great job!

Helping Hands for Ukraine

This Spring each K-5 library class learned about the conflict in Ukraine and each student added their blue-and-yellow painted handprints to an informational letter they brought home that listed charities supporting families in, and refugees from, Ukraine. As we now mark the 100th day of the war in Ukraine, the world's help and support is still required...

What's up? Several 5th grade students have been participating in a library book club called "Diversity Rocks!" RIF (Reading Is Fundamental) returned in-person to the library this Spring as each student received two free books. And Kindergarten & 1st grade library classes read & ate Author of the Month Patricia Polacco's "Thundercake." That's what's up!

Research Projects Completed!

This Spring both 3rd & 4th grade library classes finished research projects begun during the Winter, and their completed online presentations can be seen on the library webpage. Links can also be found on the library's Facebook page. 3rd grade researched countries around the world, while 4th graders researched the lives of famous women!
