2nd Grade Picks Vallecott Award-Winning Picture Books!

Grade 2 library classes, recently studying Caldecott Award winning picture books (awarded as such by the American Library Association for outstanding artwork), spent January evaluating some of 2015's best illustrated picture books and handed-out their annual Vallecott Awards. The Vallecott Award winners represent what the 2nd graders felt were outstanding examples of picture book artwork. The winners are on display in the library, and all Oneonta 2nd graders will meet at Greater Plains School in February for a book party celebrating each school's Vallecott, Rivercott, & Greatercott Award winners.

5th grade library classes have begun the annual "Library Survivor" unit, a library skills research challenge based on the popular TV show - one tribe of researchers from each class will be the \$1,000,000 winners! And K-1 classes have been enjoying the clever stories of January Author of the Month Mac Barnett - ask about the magic box in "Extra Yarn." That's the Buzz!

4th Grade Library Class Completes Biographies Project!

Mr. Dutcher's 4th grade library class recently created online presentations about famous heroes from history. Their presentations, using www.prezi.com and available to be viewed by following the link on the library webpage, are based on research they completed in library class with partners. A link to their presentations may also be found on the library's Facebook page - check out their work and enjoy!

3rd Grade Library Class Creates Ghana Presentation Using Google Slides!

Mr. Sider's 3rd grade library class recently completed an online presentation using Google Slides, which displays just some of what they learned during their study of life in the country of Ghana. Their class used the "Culture Grams" database for their research, and the presentation they created can be found on the library webpage...
