3rd Grade Reads at Fox Nursing Home!

On Monday, May 4th, and Wednesday, May 6th, the 3rd grade library classes took a walking field trip to the Fox Hospital Nursing Home to read children's books to the residents in honor of National Children's Book Week. The students had a terrific time, and it was a very positive and rewarding experience for all involved! Visit the library's Facebook page to see more photos of this annual community-outreach event...

2nd Graders Plant a Tree for Arbor Day!

Despite windy, snowy conditions, Valleyview 2nd grade library classes celebrated Arbor Day by planting a tree, generously donated by the Oneonta Lowe's, on the back playground on April 24th. The tree, an Eastern Red Bud which will grow to a height of 25 feet tall, was planted by the 2nd graders and Ellie Mazeres, who works at the Lowe's Lawn & Garden Department and who answered questions and explained the process of successfully planting a tree. In anticipation of Arbor Day, earlier in the week the 2nd grade library classes read the classic children's book "A Tree is Nice" and wrote about the importance of trees in our world. Their writing is on display outside the library, and the students will now be responsible for watering and nurturing their Arbor Day tree!

Grade 1 Library Class Completes Space Research!

Miss Tammaro's 1st grade library class has just completed a research project about planets and stars! Working with a partner, each student used the PebbleGO database to learn about their subject, took notes on their graphic organizer, and used their research to create an online presentation using Popplet.com. It was hard work, and they did a really nice job! Follow the link on the library webpage or the library's Facebook page to view their work!
