Halloween

4th graders begin study of history's 'Tough Cookies'!

In September, the 4th grade library class began a year-long unit which, each month, will introduce them chronologically to a few of history's 'Tough Cookies!', those who were strong enough to overcome obstacles and make history. We began by reading about the life of young King Tut, 10-years-old at the time of becoming an Egyptian pharaoh, and continued with Joan of Arc. And of course, homemade cookies are served each time we meet another of history's 'Tough Cookies!'

LIBRARY to celebrate magic tree house "reading buddies week!"

The week of October 12-19th is Magic Tree House Reading Buddies Week here at the Valleyview library! Each day that week, 5th grade classes will visit the library and those students will be reading Magic Tree House books to students from Mrs. Wood's 1st grade class, who will meet them here. The week will conclude with reading certificates for all who participate, as well as a Magic Tree House-themed cake. If you would like to read with a buddy at home that week, visit www.randomhousekids.com/brand/magic-tree-house/reading-buddies/.

Lately in the library...

In September, Kindergarten & 1st grade classes began a year-long 'Author of the Month' unit, while 2nd grade classes began studying Caldecott award winning picture books. 3rd grade classes began a year-long unit reading folktales from countries around the world, and were introduced to OPALS, the library's online catalog. 4th graders will soon begin a multimedia project to accompany their 'Tough Cookies' unit, and 5th graders are reviewing their research skills. Find the Valleyview library on Facebook, and visit the library's webpage for more details and updates!
